

HEPALUX™ Technical specifications

MODEL	LACS-1 Aura	LACH-2 Hera
-------	--------------------	--------------------

Dimension (H x D)	6 1 0 x 3 8 0 m m	
CADR (high speed)	4 5 0 C F M / 7 6 5 m ³ / h	
CADR (low speed)	8 0 C F M / 1 3 6 m ³ / h	
Rated room size	6 9 8 f t ² / 6 5 m ²	
Power (high/low)	1 1 0 / 2 5 W a t t	
Noise level (high/low)	6 5 / 3 3 d B (A)	
Net Weight	1 3 k g	
Sensor Function	✓	—
WaveTouch® Function	✓	—

Clean Air for Life

Equipped with HEPALUX™ technology...

LUX High Efficiency Air Purifiers

Our Philosophy~

Lux believes in cleaner indoor air for everyone. Removing air impurities down to the tiniest particle requires continuous innovation and commitment to a greener global environment. Our fresh air solutions are not only innovative but extremely effective, energy efficient and eco-friendly.

At Lux we believe
Clean & Healthy air for everyone!

Can you feel relieved of following Air pollution facts!

Indoor air quality is 2-5 times more polluted than outdoor.

People spend more than 90% of the time at indoor environment.

New HEPALUX™ air purification system

Combined benefits of both HEPA and Ionization reaching +99.97% filtration efficiency and filter up to 0.1 micron particles, also featuring high CADR, low noise and power consumption to meet the highest standard of a good air purifier.

What does CADR mean? (Clean Air Delivery Rate)

CADR testing is performed by an independent industry organization, the Association of Home Appliance Manufacturers (AHAM).

The Clean Air Delivery Rate, or CADR, can tell a Consumer how efficient an air purifier is at removing certain contaminant from the indoors. by comparing the CADR numbers of each air cleaner, a consumer is able to determine which unit would be the most effective for the room.

Air conditioner rating by BTU, EER....
Air cleaners need to consider: CADR, NOISE, & POWER CONSUMPTION.

※The room size rating that is given to each air purifier is based on the ability for it to remove 80% of smoke particles in a room.

Why choose HEPALUX™ Air Cleaners

Clean Air for Life

INNOVATION

Design

- Elegant & ergonomic setting for easy handling
- New **WaveTouch®** motion sensor (Aura only)
- Automatic gas & dust sensor system

HEPALUX™ technology

- Patented HEPALUX 3-stages filtration system equipped with photo-catalytic oxidation function to ensure high CADR & low noise level and power consumption.

PURIFICATION

Air flow

- High efficiency fan motor unit provide full dimensional air flow for sufficient room air circulation.

CIRCULATION

ECONOMY

Health & energy saving

- Remove 99.97% of 0.1 micron air-borne particles that helps to reduce allergy, asthma causes with only 25w/h of power consumption.

Quality marks CERTIFICATION

- AHAM certification is the best performance purifiers in the market.

Benefits

- 5 years warranty (for certain parts) to ensure long term user's benefit.

WARRANTY
